

Dear Rep. _____,

Please help protect Wisconsin's strong environmental heritage, ecosystems, and vibrant outdoors culture by opposing any legislation that would weaken water and air quality standards, local control, or Tribal and public input in the mine permitting process. Please prevent permit fast-tracking, as it would not allow adequate time for project review by the understaffed DNR, and would only benefit the short-term profits of polluters at the long-term expense of Wisconsin taxpayers.

Sincerely,

Photo: Tyler Forks Falls, less than 1/2 mile from where Gogebic Taconite proposes to dig a massive open pit iron mine. By Joel Austin.

Madison, WI 53707

Directions: Write in your legislators' names (look up at legis.wisconsin.gov). Reps whose last name starts with A-L are P.O. Box 8952, M-Z are P.O. Box 8953. Then cut the cards out, apply postcard stamps, sign and mail the top two, and ask a friend to sign and mail in the the bottom two. Feel free to make copies first and distribute them for many people to mail in!
