USAREC Mission

Provide the Strength of the Army

USAREC Vision

America’s premier opportunity for service — for citizens and Soldiers

ARMY STRONG

There is strong. And then there’s Army Strong. Army Strong is a unique brand of strength. Everyone is familiar with the tangible power of the U.S. Army: the Apaches, the Humvees, the weaponry, the push-ups. This campaign highlights the true strength of our Army — the strength that lies within each and every Soldier. It is harder to see, but it is the strength that makes the U.S. Army the preeminent land power on Earth.

Being Army Strong is about much more than being physically fit. It is mental and emotional strength. It is the confidence to lead. It is the courage to stand up for your beliefs. It is the
compassion to help others. It is the desire for lifelong learning. It is the intelligence to make the right decision. It is making a difference for yourself, your family, your community and our nation.

Army Strong is also the kind of strength that endures. It is the strength that comes from challenging training, teamwork, shared values and personal experience.

It is a strength Like No Other. The U.S. Army offers an experience that cannot be found anywhere else in the world.

One of the best ways to explain what it truly means to be a Soldier in the U.S. Army is to have Soldiers - from privates to generals - tell their stories in communities across the nation. There are a variety of recruiting support programs that give Soldiers and leaders the opportunity to tell their Army stories in their hometowns, after training and deployments, as well as for special recruiting events. General officers and command sergeants major may also register to assist recruiting efforts in their hometowns or other locations. For more information on all recruiting support programs, visit www.2k.army.mil.

Guaranteed Job Training
The Army GUARANTEES, in writing, training in a particular skill before enlistment.

Reduced Military Service Obligation (MSO)
This option is available to non-prior service (NPS) applicants only. This option offers a two-year-active duty commitment with four years in a Selected Reserve (SELRES) of the United States Army. All Soldiers enlisting with the option will have a Military Obligated Service of six years instead of eight.
Army English Comprehension
Enlistment Option
This option is open to all qualified Army or Army Reserve applicants without prior service who do not comprehend the English language proficiently. Those enlisting into the regular Army who do not possess the basic skills to enlist will join the Army in an unassigned status. They will attend the English Language Training Program and enlist for four years.

Those enlisting into the Army Reserve will enlist in an unassigned status, attend English language training and enlist for six years.

United States Army Preparatory School
This option is available to non-prior service (NPS) applicants only. This program will enable applicants who currently do not have an education credential to meet education enlistment standards through a program sponsored by the U.S. Army. This program is available for both RA and USAR enlistment. Soldiers will then complete four weeks at the Army Preparatory School in Fort Jackson, S.C., and be administered the state of South Carolina General Equivalency
Diploma test. Upon successful completion of GED testing, the Soldier will go to their scheduled Basic Combat Training (BCT) or One Station Unit Training (OSUT) class.

**Regular Army First Program**

The Regular Army First program is available to NPS applicants who enlist for three years plus variable enlistment (VEL), which is three years plus training in the active component (AC) and agrees to a selective reserves (SELRES) assignment in the Army Reserve (AR) or the Army National Guard (ARNG) for the remainder of the eight year Military Service Obligation (MSO).

**Army Civilian Acquired Skills Program (ACASP)**

Applicants with prior training, education and/or experience (not obtained through military service) may qualify for enlistment at a higher pay grade and use their civilian skills in the Army. Must enlist as specialist (E-4).

**Partnership for Youth Success (PaYS)**

PaYS is a program to connect American industries and state and local government
agencies with the United States Army. Applicants, upon selecting an MOS, will sign a statement of understanding with a participating PaYS partner.

These projected job vacancies are intended, though not guaranteed, for Soldiers departing the Army or Army Reserve who satisfactorily completed IADT and were awarded an MOS. The Soldier is guaranteed an interview with the agency. This program is designed for non-prior service Soldiers only.

For more information, visit www.armypays.com.

**Army Language Program**

An individual’s ability to comprehend language training is evaluated from results of the Defense Language Aptitude Battery (DLAB). Language fluency is evaluated through the Defense Language Proficiency Test (DLPT) or Oral Proficiency Interview (OPI). Enlistees already fluent in a foreign language may be eligible for Foreign Language Proficiency Bonus (FLPB) and/or to enlist as a Skilled Linguist via ACASP at pay grade E-4 for MOS 35M or 35P.

Enlistees receive language training upon
completion of basic training and receive follow-up MOS training upon successful completion of target language training. Language training is conducted at the Defense Language Institute Foreign Language Center (DLI-FLC), Presidio of Monterey, Calif. Course duration ranges from 25-63 weeks (depending upon the specific language). Graduates receive up to 45 semester hours of college credit.

Applicant must be a U.S. citizen and must be eligible for security clearance.

Family members of students enrolled at the Defense Language Institute Foreign Language Center may enroll concurrently with the military spouse on a space-available basis at no cost.

For more information, contact your brigade foreign language advocate or call 1 (800) 223-3735, ext. 1687 or DSN 536-1687.

**09L Interpreter/Translator**

This program is available for Regular Army, Army Reserve and IRR enlistments. English training is based on the English Comprehension Language Test (ECLT score) or American Language Course Placement Test (ALCPT). Applicants attend basic training to learn to be a Soldier then
AIT to learn the skills of being an Interpreter/Translator. Entry pay grade is E-4 (SPC) through ACASP.

**Army Reserve Standard Training Program**

Initial entry training is completed during the same time period. A Soldier will finish BT and then begin AIT. Upon completion of all training, the Soldier will return to their Army Reserve unit.

**Army Reserve Alternate Training Program**

Initial entry training is split between two time periods — usually two summers, one year apart. Alternate training enables students to continue high school, college or vocational studies. It is available for seasonal employment personnel. Alternate training is only authorized for those MOSs where AIT training is 13 weeks or less.

**Specialized Training for Army Reserve Readiness (STARR) - Army Reserve**

STARR is a program that allows non-prior service and prior service Soldiers to be trained in a medical MOS by taking their MOS training at a local community college. The Soldier is not entitled to room and board or active duty pay.
while attending the civilian school. NPS must attend basic training prior to the Army paying for the schooling. The enlistment contract must be 6+2 for NPS and four years for PS.

The Army will pay for all books, tuition, laboratory fees, uniforms, equipment, student health insurance, etc., up to $6,000 per year. All civilian schooling must be completed in two years. Soldier may also qualify for enlistment bonuses, loan repayment program or Montgomery GI Bill. Upon completion of the program, the Soldier will be promoted to the grade E-4 for MOS 68EN5, 68D, 68P, and 68Q; and E-5 for 68K and 68V.

This training will produce NCOs capable of training and leading Soldiers who can work and fight under their supervision.

The courses are:
- Warrior Leader Course (WLC)
- Basic Noncommissioned Officers Course
- Advanced Noncommissioned Officers Course
- The Army First Sergeant Course
- The Sergeants Major Academy

WLC and Combat Arms BNCOC attendance is scheduled by the Soldier’s unit. Combat Support or Combat Service Support BNCOC, ANCOC, the First Sergeant Course and the Sergeants Major Academy attendance is by
Department of the Army selection board.

**Physical Fitness Assessment Program**

**Blue to Green Program**

The Air Force and Navy are reshaping their service to reduce their active duty end strength. One option offered to Airmen and Sailors is to enlist into the Regular Army. See applicable USAREC messages for guidance in processing the Future Soldiers.

Va., directs the ROTC program. ROTC cadets are concurrently full-time college students working toward academic degrees. The ROTC training program occupies only a small portion of a student's weekly activities.

Cadets spend two to four years in the ROTC program depending on the method of entry into the program. The program includes a Basic Course, Military Science and Leadership I and II courses, and an Advanced Course, MSL III and IV courses, conducted at 272 host institutions nationwide and through partnerships with more than 1,000 other schools. Students can receive constructive credit for the Basic Course based on prior service or other lateral entry criteria, or by attending the Leaders Training Course, formerly Basic Camp.

All cadets attend the Leadership Development Assessment Course, usually during the summer prior to their final academic year. Participants are paid while attending camp(s).

Army ROTC contracts may include a variety of incentives, from monthly stipends to tuition scholarships to drill pay and additional leadership experience as members of Guard or Reserve units. All scholarship cadets, as well as
non-scholarship cadets in the Advanced Course receive a stipend starting at $250 per academic month for MSL I, increasing by $50 each year.

College students may compete for two-, three- or four-year tuition scholarships on campus by applying directly to the professor of military science in the ROTC battalion. Two-, three- and four-year scholarships are also available on a competitive basis to active duty Army enlisted personnel (Green to Gold) by applying to headquarters, Cadet Command. High school students may compete for four-year scholarships by applying to Headquarters, Cadet Command.

Requirements of the primary components of the scholarship program are listed below:

- All individuals must be 17 years old before the scholarship is effective.
- All scholarship winners must be U.S. citizens.
- Students must be able to complete all requirements for a commission and a college degree and be younger than 31 on Dec. 31 of the year eligible for commissioning.

ROTC program information is available at www.armyrotc.com or students can call 1 (800)
Recruiters should use USAREC Form 914 to provide referrals through battalion. Conduct positive handoff of the prospect to Army ROTC by calling your local ROTC unit or the ROTC unit of the prospect’s preference. Ensure that the prospect understands that the referral only facilitates contact with the ROTC unit and does not serve as a scholarship application.

The Hometown Recruiter Assistance Program (HRAP) allows enlisted Soldiers who have recently completed Advanced Individual Training (AIT), One Station Unit Training (OSUT) or Army Civilian Acquired Skills Training (ACASP) to return to their hometowns on permissive TDY for up to 14 days to assist the local recruiters by sharing their Army training experiences with family, friends, high school classmates, Future Soldiers, veterans, and community leaders.

HRAP Soldiers report to the recruiting station and accompany recruiters throughout the community to assist in obtaining quality referrals for enlistment.

All permanent party Soldiers may apply for HRAP by submitting a DA Form 31, Request and Authority for Leave, through their chain of command.

Additionally, officers may also volunteer for HRAP duty in their hometowns or areas in which they are familiar, such as where they attended college.
Soldiers participating in HRAP may be eligible for the $2,000 referral bonus if those referrals result in an enlistment.

Soldiers interested in performing HRAP should be directed to www.2k.army.mil for information.

The USAREC HRAP database is the system of record for tracking a Soldier's HRAP duty with USAREC. USAREC leaders must ensure that the HRAP database is kept up to date. Several reports are available for leaders to monitor and check compliance.

**Special Recruiter Assistant Program (SRAP)**

All active duty Soldiers - officer and enlisted -
who are OIF/OEF veterans may request to participate in the SRAP program.
SRAP Soldiers may be eligible for the $2,000 Referral Bonus if those referrals result in an enlistment.
Soldiers can learn more about SRAP and apply for SRAP duty by visiting www.2k.army.mil.
The USAREC HRAP database is the system of record for tracking a Soldier's SRAP duty with USAREC.

**Active Duty for Special Work (ADOS)**
Army Reserve Soldiers of all ranks can support local recruiters to generate leads that will result in Army Reserve enlistments through the Active Duty for Operational Support (ADOS-RC) program.

Army Reserve Soldiers are a valuable resource to share their experiences. Recruiters will solicit Army Reserve Soldiers help to gain referrals by visiting units and corresponding with the Soldiers they enlisted, and asking them to
return for ADOS-RC recruiting duty.

Each fiscal year, headquarters USAREC distributes ADOS-RC funds to each brigade based on the brigade's non-prior service Army Reserve mission. The funds are then broken down to each battalion by each brigade. ADOS-RC tour requests must be done through the battalion ADOS-RC manager. Once the ADOS-RC Soldier's tour is complete, the ADOS-RC Soldier's recruiter or station commander must submit UF 979 to the battalion to ensure that a Soldier's performance can be reported to USAREC.

The Army’s Quartermaster Branch studies
and utilizes modern business methods to
ensure the efficient and effective support of
Soldiers and worldwide Army operations. Our
relationship to fundamental business practices
and industrial influence make Quartermaster skills in the Army’s Supply and Service arena easily transferable to civilian industries.

Skills learned through classroom and on-the-job training vary greatly. Some examples are as follows: supply data processor, inventory specialist, warehousing manager, food service management, mortuary sciences, airload and parachute preparation, fabric and upholstery repair and commercial laundry skills (hospital and hotel).

In addition, Department of the Army and Department of Defense jobs are some of the fastest growing careers in the civilian sector. Logistical and supply skill sets learned in every Quartermaster MOS are some of the highest desired qualifications needed to fill those positions as well as in the aviation, oil industry, supply distribution and culinary professions.
